

Non-filter applications can easily be upgraded to EMI/Transient protection without modification to the system with Smith Connectors' In-Line Filter Adapters. Filter adapters provide the system designer great flexibility in situations where the filtering or system requirements are subject to change. The adapters are designed to be installed between the existing plug and receptacle without having to re-wire or disassemble the system. Both in-line cable and bulkhead/panel mount versions are available. Adapters can be built for any connector series including MIL-DTL-38999, MIL-C-26482, MIL-DTL-83723, MIL-DTL-24308, MIL-DTL-83513, ARINC 404, and ARINC 600. Consult the factory for more information.

## MIL-DTL-38999 Series I Adapter

## MIL-DTL-38999 Series III Adapter

## MIL-DTL-24308 D-Subminiature Adapter
